Nigeria's Energy Landscape

As Nigeria lays the groundwork to accelerate gas production, investment is being attracted to solar, hydro and other renewable energies for a more diverse energy mix. Meeting energy demand requires bold and pragmatic strategies to harness all the energy types available for a sustainable energy future.

As Nigeria intensifies efforts to accelerate gas production, investment is also being directed toward solar, hydro, and other renewable energy sources to support a more diversified energy mix. Meeting the growing local and global demand for energy will require bold, pragmatic strategies that harness the full spectrum of available energy resources, ensuring a sustainable and resilient energy future.

By unlocking investment in infrastructure, advancing new technologies, and leveraging its youthful talent pool, Nigeria is setting itself apart as a critical partner for energy transformation and an influential voice in driving global energy discourse.

Nigeria's Energy Milestones

Accelerating Strategic Investment

\$30 billion in energy sector investment by 2027, scaling to \$60 billion by 2030.

Increased Production Targets

3 million barrels of oil and 12 bcf of gas per day by 2030.

Reforms for Energy Progress

Recent policy shifts have unlocked over \$16 billion in upstream opportunities.

Maximising Natural Gas Opportunities

20 supply projects to increase production by 50% and meet 60% domestic demand by 2030.

Advancing Renewable Energy for Power Generation

Generation capacity to reach 42 GW on-grid and 6.3 GW off-grid by 2030.

Driving Energy Integration through Technology

Centralised energy systems rising from 34% in 2020 to 94% by 2060, with 8% annual growth.

“

This landmark event continues to shape not only the trajectory of our industry but also the future of energy in Nigeria and our global presence. NOG Energy Week has become a cornerstone of high-level engagement, uniting governments, industry leaders, investors, academia, and other key stakeholders to chart the course of our energy future.

This year's theme calls on us to reflect on our shared responsibility — to lead, collaborate, and act boldly in this era of rapid energy transformation. It speaks to the urgency of the global moment, and the ambition Nigeria must embrace to secure its energy future.

We envision this conference as a platform where real deals are made. When people think of NOG Energy Week, we want them to think of the number of deals they can close.

Bashir Bayo Ojulari, GCEO, NNPC Limited

”

Gain Direct Access to One of the World's Fastest-Growing Energy Markets and Secure the Deals That Drive Impact

From 5 – 9 July 2026, join global energy leaders, policymakers, investors, and innovators at the Bola Ahmed Tinubu International Conference Centre, Abuja, for the 25th annual NOG Energy Week Conference & Exhibition.

NOG Energy Week drives bold dialogue, strategic partnerships, and dealmaking to advance markets and accelerate progress across the region. Engage with the entire energy value chain over five dynamic days dedicated to shaping a secure, just, and sustainable energy future.

Event Overview

Spanning the entire value chain, the exhibition brings together a diverse array of stakeholders — from upstream exploration specialists and midstream logistics providers to downstream refiners, service companies, and renewables innovators. It has become a dynamic hub for order taking, purchasing, and procurement of products and services, consistently setting industry benchmarks and shaping the future of energy across Africa and beyond.

Continuing its 25-year legacy of energy leadership, the Strategic Conference stands as one of Africa's most prestigious and longest-standing gatherings in the oil, gas, and energy sectors. Renowned for convening high-calibre business and political decision-makers, the 2026 edition will showcase transformative discussions driven by regional and global leaders representing the full energy ecosystem.

The NOG Energy Club offers a premium and exclusive, invitation-only, global leadership networking circle for ministers, dignitaries and C-suite executives across the energy and adjacent sectors.

The NOG Energy Week Leadership Roundtables are exclusive, invitation-only meetings under the Chatham House Rule, bringing together decision-makers such as ministers, C-level executives, and policymakers to foster transformative thinking that will shape the future of the most critical energy challenges being faced by the industry.

With 8 dynamic award categories, the coveted NOG Energy Awards celebrate excellence, innovation, and diversity by honouring outstanding individuals, companies, and projects that have made significant impacts and advancements in Nigeria and Africa's energy industry over the previous 12 months.

The Nigerian Content Seminar is an integral part of the NOG Energy Week Strategic Conference. The Seminar is organised in collaboration with the Nigerian Content Development and Monitoring Board (NCDMB), and serves as a platform for stakeholders to understand the NOGICD Act and its wide-ranging opportunities.

The Technical Seminar is a cornerstone for innovation and knowledge-sharing in the oil, gas, and energy sectors. Designed for technical and engineering professionals, this CPD-certified Seminar features cutting-edge sessions on advanced technologies, breakthrough research, and industry best practices.

Tee off your NOG Energy Week experience at the Golf Tournament! Enjoy a high-energy day of competitive fun, informal networking, and golf prowess with industry peers and decision-makers — all in a picturesque, relaxed setting.

Key Industry Participants Include

Renowned for its scale and impact, NOG Energy Week's Exhibition has become the definitive meeting place for buyers, sellers, and industry leaders looking to drive innovation, build lasting partnerships, and facilitate dealmaking at every level.

Spanning the entire energy value chain, the exhibition convenes a diverse spectrum of stakeholders — from upstream explorers and midstream logistics experts to downstream refiners, service providers, and renewable energy pioneers. It is a vibrant marketplace for procurement, order placement, and product sourcing, consistently setting industry benchmarks and shaping the energy future.

Each year, thousands of participants gather to showcase cutting-edge technologies, unlock market opportunities, and negotiate major contracts. The comprehensive three-day programme features ministerial tours, country pavilion showcases, a Technical Seminar, live technology demonstrations, equipment displays, and product launches — creating a platform for meaningful connections and measurable outcomes.

By championing collaboration, sustainability, and commercial excellence, the international exhibition continues to catalyse growth, investment, and transformation across the energy landscape.

Why Exhibit

Showcase products and services to purchasing and procurement decision makers

Position your company in front of government and private sector stakeholders

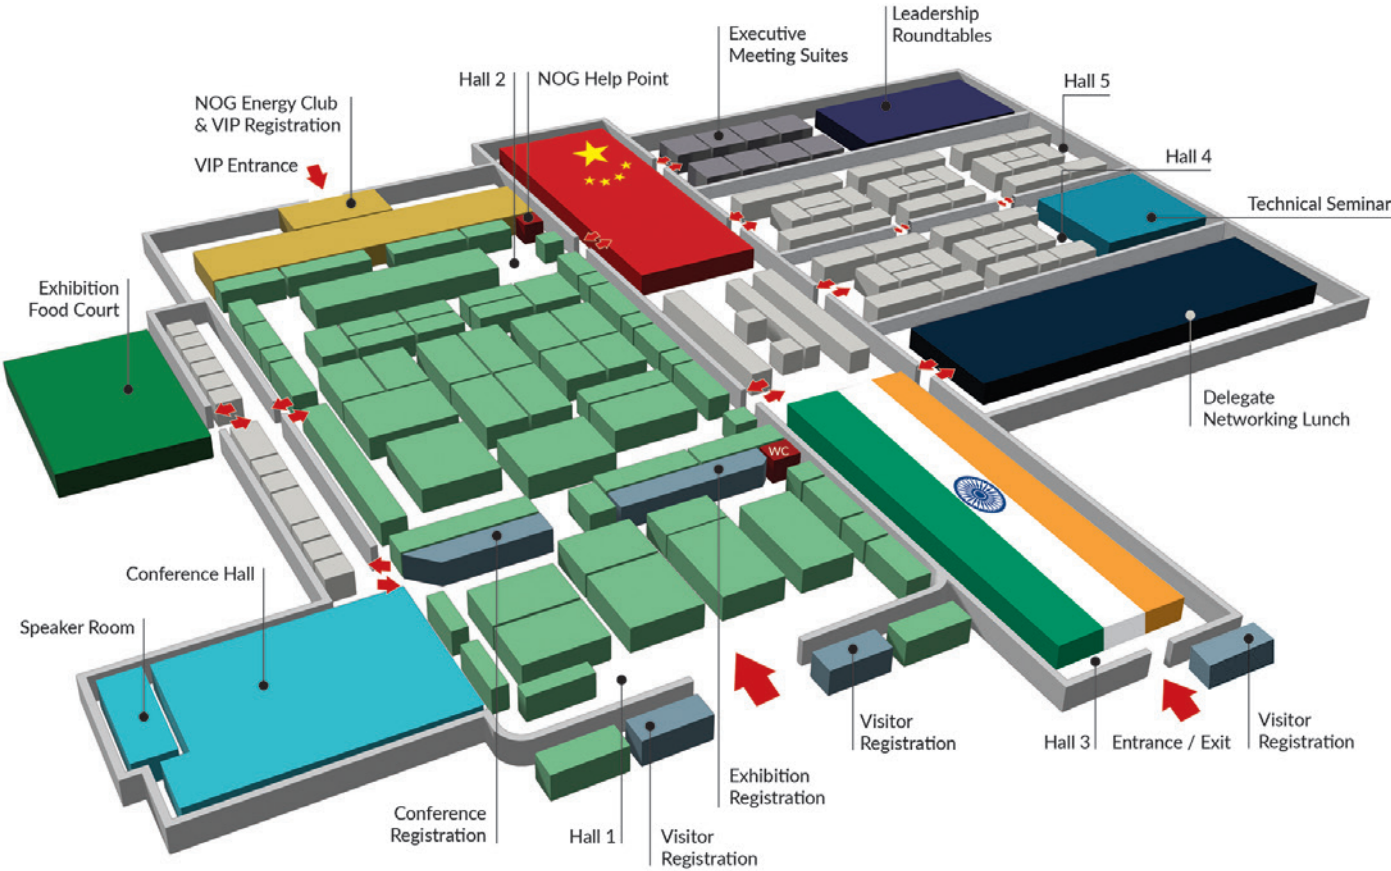

Identify new project opportunities

Explore the competitive landscape

2026 Country Pavilions

Exhibiting in one of NOG Energy Week's country pavilions provides an easy and effective way for exhibitors to participate, creating a focal point for national participation, driving ROI for exhibitors, enhancing bi-lateral trade, and creating opportunities to engage with a global energy audience of over 7,500 attendees.

Confirmed Country Pavilions:

China

India

Expected Country Pavilions Include:

EU

Italy

Germany

Turkey

Saudi Arabia

UAE

Feedback From Our Past Pavilion Organisers

“

NOG Energy Week was a crucial event for Chinese enterprises. This year, we organised 27 Chinese companies, including top 500 enterprises worldwide, occupying a total of 363 square meters at the event. All of the participating companies had positive feedback about the event, with some securing deals and selling their products on-site. Next year, we will bring more Chinese companies to NOG Energy Week and build a stronger bond between Chinese companies and the rest of the world. We are looking forward to future collaborations with dmg events.

Alex Wang
General Manager
Beijing Hongbo International Exhibition Co., Ltd

“

For the past three years, the India Pavilion showcased their products to the growing Nigeria market. Slowly, India is becoming Nigeria's largest trade partner. NOG Energy Week is an excellent platform for Indian companies to enter into the Nigerian oil and gas market – it is a great event!

Uniting the Global Energy Community

With growing international participation and expanding exhibitor presence, NOG Energy Week 2026 will build on the success of previous editions to offer a broader, more diverse platform for global collaboration. The event will spotlight Nigeria's expanding role in the international energy dialogue while welcoming new countries, companies and technologies to shape the future of energy together.

“

NOG Energy Week provides the opportunity to look at where we were yesterday, where we are today, and where we want to be tomorrow. It's an event where we can critically assess where we'll be next year.

**H.E. Lokpobiri, Minister of State for Petroleum Resources (Oil),
Federal Republic of Nigeria**

”

Building on a 25-year legacy of energy leadership, the Strategic Conference remains one of Africa's most respected gatherings in the oil, gas, and broader energy sectors. Renowned for convening top-tier business and political decision-makers, the 2026 edition will spotlight transformative discussions led by regional and global leaders across the energy value chain.

This trusted platform empowers participants to move decisively from consensus to action. With a clear focus on advancing global energy security and decarbonisation goals, it fosters critical regional collaboration and supports robust policy frameworks that enable major partnerships, commitments, and deals.

For over two decades, the event has united leaders to drive energy progress — leveraging technological innovation and addressing key funding challenges. By cultivating open dialogue and strategic alliances, it continues to shape Africa's energy future and serves as a catalyst for long-term, impactful change.

“

NOG Energy Week has become the cornerstone of our industry's calendar.

Investment is the lifeblood of the oil and gas sector. The Ministry has been instrumental in implementing reforms that make Nigeria an attractive destination for both local and international investors. The Petroleum Industry Act (PIA 2021) and the recent Presidential Directives for oil and gas companies on tax incentives have created a conducive environment for investments. These reforms ensure transparency, accountability and regulatory certainty, making Nigeria an attractive destination for investors.

Let us embrace the opportunities before us, drive the necessary investments and meet our energy demand with resilience and innovation.

**H.E. Rt. Hon. Ekperikpe Ekpo PHD, Honourable Minister of State
for Petroleum Resources (Gas), Federal Republic of Nigeria**

”

The Technical Seminar is a cornerstone for innovation and knowledge-sharing in the oil, gas, and energy sectors. Designed for technical and engineering professionals, this CPD-certified Seminar features cutting-edge sessions on advanced technologies, breakthrough research, and industry best practices. Delegates will enhance their expertise, expand practical capabilities, and build intellectual capital through knowledge exchange, practical learning, and positioning themselves at the forefront of energy innovation and project development across the value chain.

The Exclusive Meeting Place for Energy Industry Decision Makers

The NOG Energy Club offers a premium and exclusive, invitation-only, global leadership networking circle for Ministers, dignitaries and C-suite executives across the energy and adjacent sectors. With its private, VIP-only meeting lounges, the NOG Energy Club offers industry decision-makers the opportunity to convene in a high-level strategic environment that affords privileged VIP access and first-class hospitality. A distinguished and elevated network for global influencers that are moving markets that drive progress.

“ One aspect of our involvement and enthusiasm for NOG Energy Week is our sponsorship of the Energy Club. We believe that meaningful, in-depth discussions often happen in more intimate settings.

Over the past few years, we've proudly supported this initiative by the organisers to create a space where key industry stakeholders can connect in a comfortable environment. The Energy Club fosters not only engaging conversations but also provides an opportunity for participants to unwind and be entertained.

”

Dr. Ainojie 'Alex' Irune
Managing Director
Oando Energy Resources

Connecting Energy Leaders to Foster Collaborative Action

The NOG Energy Week Conference & Exhibition will feature high-level, closed-door, invitation-only, Leadership Roundtables. This series of meetings under Chatham House Rule will gather selected Ministers, C-level executives and policymakers to foster transformative thinking that will shape the future of the most critical energy challenges being faced by the industry.

The sessions are facilitated by an independent and experienced moderator and hosted by an industry leader. Participants are carefully selected for the session to ensure the calibre of the members remains high – the exclusivity of the Leadership Roundtables is maintained to ensure only the most senior decision-makers are selected. Participants are confirmed through invitations and applications to participate.

“ The Leadership Roundtable was a detailed and well-attended discussion that highlighted the commitment from both government and private sector participants to support domestic gas development. I'm grateful to the NOG Energy Week organisers for bringing together regulators, investors and industry players in one room to brainstorm on topics crucial for development and industrialisation. The turnout and discussions were impressive, and I believe the outcomes will drive substantial progress over the next 12 months.

”
