Uniting Leaders Driving Energy Progress for Over 25 Years

Driven by rising demand, a restructuring of supply chains and transformational advances in technology, the global energy industry continues to evolve. With vast resources and expanding economies, Africa remains a critical partner in meeting future energy needs, offering significant opportunities for cross-border collaboration, trade and investment.

As a premier convening platform for the international energy community, NOG Energy Week Exhibition & Conference drives bold dialogue, strategic partnerships, and deal-making to advance markets and accelerate progress toward a secure, inclusive and sustainable energy future.

NOG Energy Week 2027 will convene global leaders from across the energy value chain to drive investment, innovation and partnership.

Why Attend NOG Energy Week

Gain Insights from Africa's Energy Leaders

Hear from policymakers, industry leaders, CEOs, and technical experts as they address the key issues shaping Africa's energy future. Gain valuable perspectives on energy security, policy and regulation, investment, sustainability, and the development of the continent's energy sector.

Discover Innovation Transforming the Energy Industry

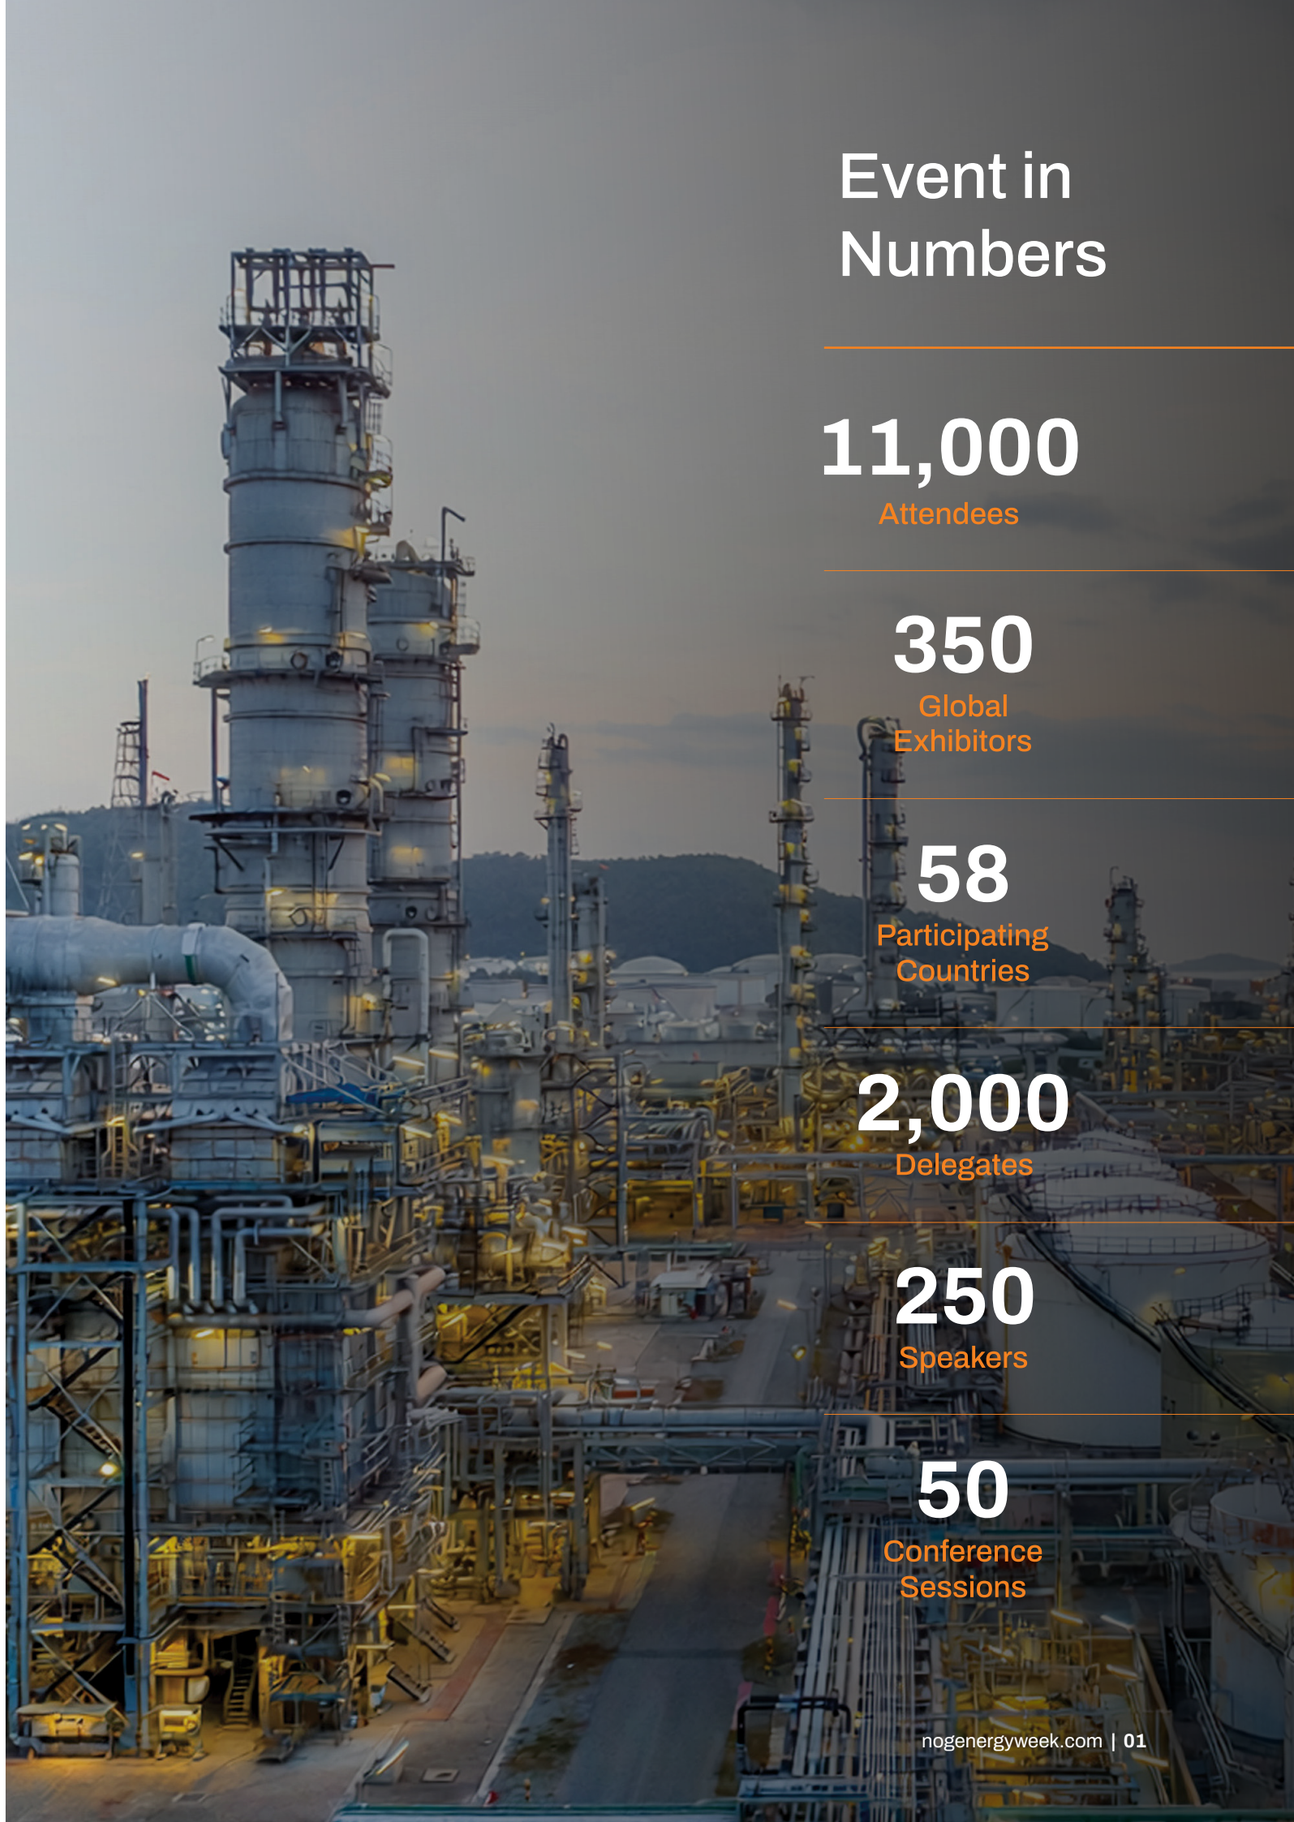

Explore the technologies, solutions and services advancing Africa's energy sector. From exploration and production to gas monetisation, LNG, infrastructure, digitalisation and emissions reduction, discover innovations helping companies improve operational efficiency, unlock resources, and meet evolving energy demands.

Explore the Challenges and Opportunities Shaping Africa's Energy Future

Take part in discussions addressing the realities and priorities of Africa's energy landscape, including domestic gas development, energy access, local content, infrastructure investment, project delivery, and the energy transition. Gain practical insights to navigate industry challenges and identify emerging areas for growth.

Unlock Investment and Business Opportunities Across Africa and Beyond

Connect with government representatives, national oil companies, investors, project developers, and potential business partners to explore new markets and commercial opportunities. Build relationships, identify potential projects and partnerships, and contribute to Africa's growing energy ambitions.

NOG Energy Week at a Glance

International Exhibition

Spanning the entire value chain, the Exhibition brings together over 11,000 stakeholders, from upstream exploration specialists and midstream logistics providers to downstream refiners, service companies, and renewables innovators. A dynamic hub for business, purchasing, and procurement, it sets industry benchmarks and shapes the future of energy across Africa and beyond.

Strategic Conference

Continuing its 25-year legacy of energy leadership, the Strategic Conference is one of Africa's most prestigious and longest-standing gatherings in the oil, gas, and energy sectors. Attracting over 2,000 high-calibre business and political decision-makers, it features transformative discussions led by regional and global leaders across the energy ecosystem.

Leadership Roundtables

The NOG Energy Week Leadership Roundtables are exclusive, invitation-only meetings held under the Chatham House Rule, bringing together ministers, C-suite executives and policymakers to foster transformative thinking and address the energy industry's most pressing challenges.

Nigerian Content Seminar

The Nigerian Content Seminar is an integral part of the NOG Energy Week Strategic Conference. The Seminar is organised in collaboration with the Nigerian Content Development and Monitoring Board, and serves as a platform for stakeholders to understand the NOGICD Act and its wide-ranging opportunities.

Technical Seminar

The Technical Seminar is a cornerstone for innovation and knowledge sharing in the oil, gas, and energy sectors. Designed for technical and engineering professionals, this CPD-certified Seminar features cutting-edge sessions on advanced technologies, breakthrough research, and industry best practices.

Energy Club

The NOG Energy Club offers a premium and exclusive, invitation only, global leadership networking circle for ministers, dignitaries and C-suite executives across the energy and adjacent sectors.

Awards

With 11 dynamic award categories, the NOG Energy Awards celebrate excellence, innovation, and diversity by honouring outstanding individuals, companies, and projects that have made significant impacts and advancements in Nigeria and Africa's energy industry over the previous 12 months.

Strategic Conference

Forging Africa's Strategic Energy Growth Through Global Collaboration

NOG Energy Week gathers international energy leaders, policymakers and investors, to deliver transformative strategies to unlock global energy ambitions through partnerships and bilateral trade.

This trusted platform empowers participants to move decisively from consensus to action. With a clear focus on advancing global energy security and decarbonisation goals, it fosters critical regional collaboration and supports robust policy frameworks that enable major partnerships, commitments, and deals.

By cultivating open dialogue and strategic alliances, it continues to shape Africa's energy future and serves as a catalyst for long-term, impactful change.

Leadership Roundtables

Connecting Energy Leaders to Foster Collaborative Action

The NOG Energy Week Conference & Exhibition will feature high-level, closed-door, invitation-only Leadership Roundtables. This series of meetings under Chatham House Rule will gather selected Ministers, C-level executives and policymakers to foster transformative thinking that will shape the future of the most critical energy challenges being faced by the industry.

The sessions are facilitated by an independent and experienced moderator and hosted by an industry leader. Participants are carefully selected for the session to ensure the calibre of the members remains high – the exclusivity of the Leadership Roundtables is maintained to ensure only the most senior decision-makers are selected. Participants are confirmed through invitations and applications to participate.

"The Leadership Roundtable was a detailed and well-attended discussion that highlighted the commitment from both government and private sector participants to support domestic gas development."

Nigerian Content Seminar

Shaping the Next Phase of Local Content Growth

Over fifteen years after the enactment of the NOGICD Act, Nigeria's oil and gas sector has achieved a notable local content level of 61%. This progress stems from investments in human capacity, local services, and the manufacturing of goods within the country.

The Nigerian Content Seminar, organised with the Nigerian Content Development and Monitoring Board (NCDMB), serves as a platform for stakeholders to understand the NOGICD Act and its wide-ranging opportunities. Through open deliberation, government and industry leaders explore how effective implementation of the Act can unlock the nation's potential.

The Seminar encourages delegates to champion in-country capacity utilisation, fostering sustainable development for Nigeria. By strengthening partnerships and local expertise, the Seminar supports a future where Nigeria's resources and talent drive growth in the oil and gas industry.

Technical Seminar

Where Technical Excellence Meets Industry Innovation

The NOG Energy Week Technical Seminar is a cornerstone for innovation and knowledge-sharing in the oil, gas, and energy sectors. Designed for technical and engineering professionals, this CPD-certified Seminar features cutting-edge sessions on advanced technologies, breakthrough research, and industry best practices.

Delegates will enhance their expertise, expand practical capabilities, and build intellectual capital through knowledge exchange, practical learning, and positioning themselves at the forefront of energy innovation and project development across the full stream energy value chain.

The Technical Seminar anticipates receiving over 750 abstracts from global contributors, with exclusive content and technical papers to be presented across 14 categories over two impactful days.
