“

NOG Energy Week has become the cornerstone of our industry's calendar.

Investment is the lifeblood of the oil and gas sector. The Ministry has been instrumental in implementing reforms that make Nigeria an attractive destination for both local and international investors. The Petroleum Industry Act (PIA 2021) and the recent Presidential Directives for oil and gas companies on tax incentives have created a conducive environment for investments. These reforms ensure transparency, accountability and regulatory certainty, making Nigeria an attractive destination for investors.

Let us embrace the opportunities before us, drive the necessary investments and meet our energy demand with resilience and innovation.

”

**H.E. Rt. Hon.  
Ekperikpe Ekpo PHD**

Honourable Minister of State  
for Petroleum Resources (Gas)

Federal Republic of Nigeria

# Facilitating Energy Deals In Nigeria For Over 25 Years

NOG Energy Week is the premier convening hub, uniting global energy leaders, policymakers, investors, and innovators to unlock transformative solutions for ensuring access to affordable, reliable, and sustainable energy for all.

Serving the Nigerian oil, gas & energy industry for over 25 years, the 25th annual NOG Energy Week Conference & Exhibition will showcase opportunities for strategic partnerships, spark innovative dialogue, and actionable insights that will drive markets forward and accelerate progress across Nigeria and the continent.

Hosted in the Federal Capital State of Abuja, Nigeria, from 28 June - 2 July 2025, NOG Energy Week will connect the entire energy value chain - from oil and gas (upstream, midstream, and downstream) to renewable energy, technology, finance, maritime, logistics, and manufacturing - creating opportunities to shape a secure, just, and sustainable energy future.

# NOG Energy Week At A Glance

The NOG Energy Club provides world-class hospitality to government and industry leaders, energy industry's professionals, innovators, and influencers. It welcomes the industry's senior executives in a relaxed setting, offering an exclusive lounge outside the formal structure of NOG Energy Week's busy programme.

The Nigerian Content Seminar is an integral part of the NOG Energy Week Strategic Conference. The Seminar is organised in collaboration with the Nigerian Content Development and Monitoring Board (NCDMB), creating an avenue for industry players to have a deeper understanding of the NOGICD Act and its accompanying opportunities.

The NOG Energy Week 2026 Strategic Conference will focus on the strategies that government and private sector leaders will employ to navigate the emerging business environment and set the energy agenda for the next 12 months and beyond.

The CPD-accredited Technical Seminar offers delegates the opportunity to enhance their skills and knowledge by exploring the latest technologies, industry innovations, research findings, and best practices. It provides a valuable learning platform to expand both practical capabilities and intellectual capital, benefiting their careers and day-to-day roles.

The NOG Energy Week International Exhibition is the largest energy exhibition in Sub-Saharan Africa, where energy professionals convene to exchange dialogue, showcase cutting-edge technological advancements, identify innovative solutions, and forge business partnerships.

The NOG Energy Awards are recognised as a benchmark of excellence across the energy industry. As part of the prestigious NNPC Gala Dinner, the 25th NOG Energy Awards will celebrate the individuals, teams, collaborations, partnerships, and innovations driving Nigeria's energy industry forward.

The NOG Energy Week Leadership Roundtables are exclusive, invitation-only meetings under the Chatham House Rule, bringing together decision-makers such as ministers, C-level executives, and policymakers to engage in candid, transformative discussions on the future of energy.

The Executive Meeting Suites offers an exclusive and private environment to host high-level executives meetings.

This is a great occasion to meet up with peers, engage with new prospects and expand your contact base in a relaxed and informal setting. The Golf Tournament is strictly for registered delegates who participate in the sport.

# International Exhibition

The NOG Energy Week International Exhibition is Sub-Saharan Africa's largest energy exhibition, where industry professionals convene to explore new business opportunities, showcase cutting-edge technological advancements, identify innovative solutions, and forge business partnerships.

The NOG Energy Week International Exhibition will take place from 30 June - 2 July 2026 in Abuja at the Bola Ahmed Tinubu International Conference Centre attracting 7,000+ attendees from Africa, Middle East, Europe, Asia, and the USA, to create an unparalleled business opportunity for exhibiting companies to tap into this growing market.

Becoming an exhibitor at NOG Energy Week 2026 provides you with the ideal platform to position your business as an industry leader and to showcase your brand, products and services to the key players across the energy value chain.

As an exhibitor your company will connect with the industry's most important stakeholders, enabling you to forge new partnerships, capitalise on growth opportunities and demonstrate your business strength, innovation and expertise.

## Why Exhibit

Showcase products and services to purchasing and procurement decision makers

Position your company in front of government and private sector stakeholders

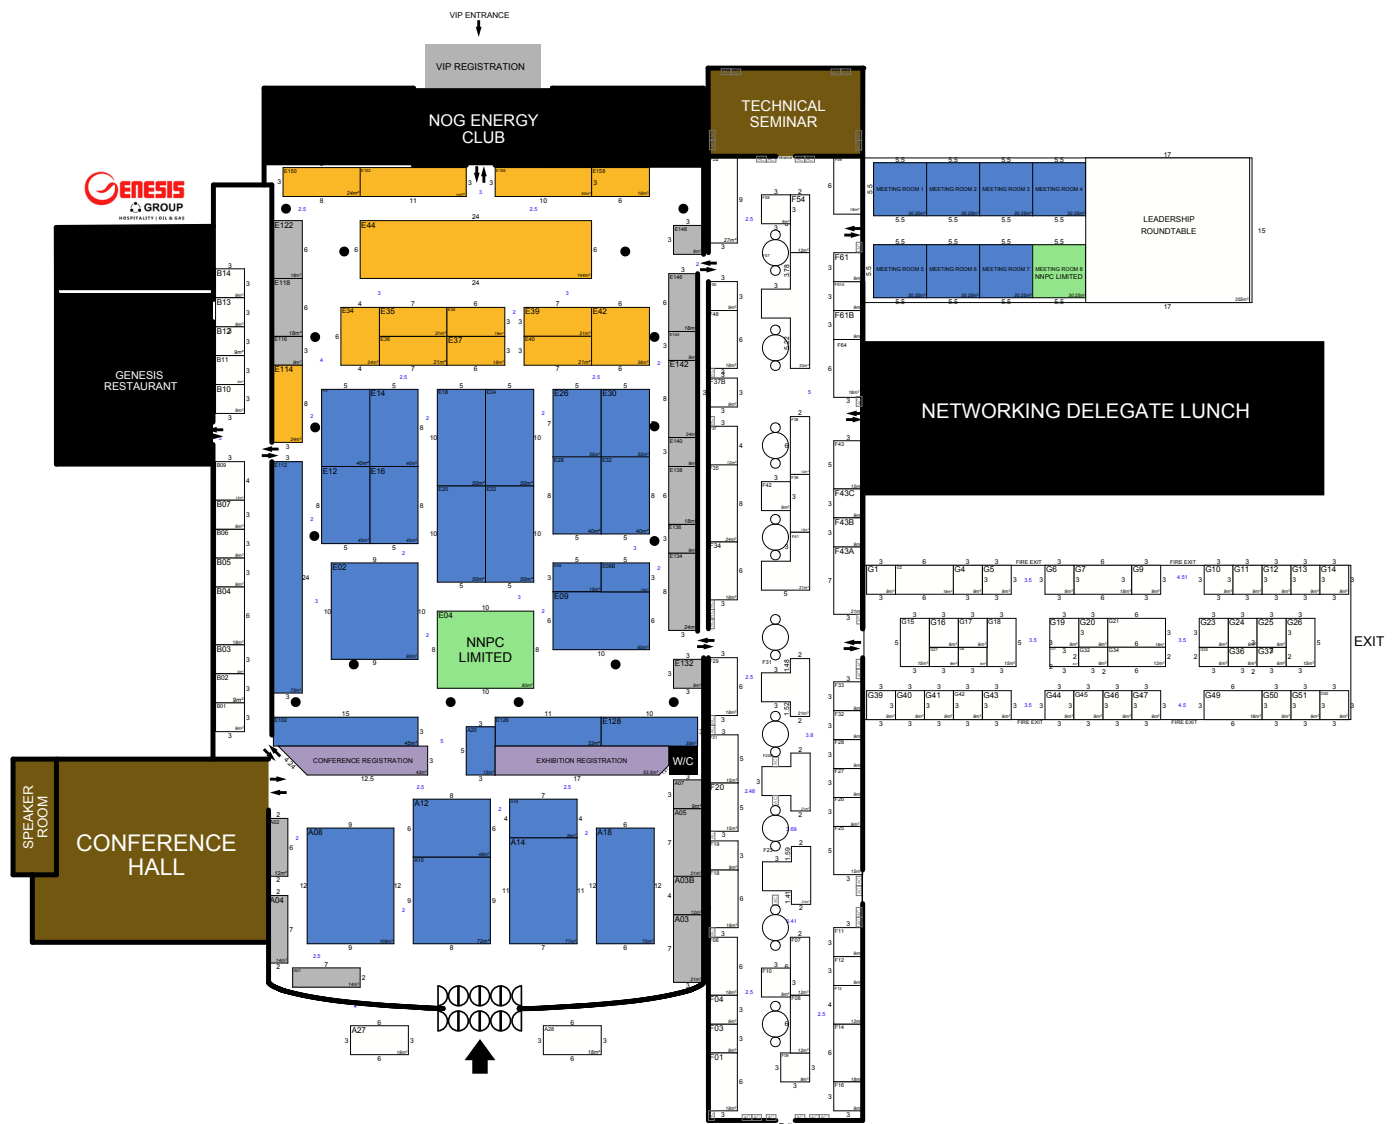

Identify new project opportunities

Explore the competitive landscape

# Uniting Global Industry Leaders To Define The Future Of Energy

NOG Energy Week has been facilitating deals within the industry for over 25 years. Position your company as an essential partner to all stakeholders within the global energy business in Nigeria. Whether you are looking to engage with government officials, meet with C-Suite executives from international IOCs and IECs, indigenous and regional NOCs and NECs, or transact business with local service and product procurement and purchasing decision makers, the entire energy industry value chain will be in attendance at NOG Energy Week 2026!

Our tailor-made sponsorship, branding and advertising packages will enable your company to raise its corporate profile, showcase its solutions, products and services, build business-to-business partnerships, and gain access to key new projects and prospects.

## Be A Part Of Nigeria's Rapidly Evolving Energy Industry Opportunity

\$45bln+ USD oil and gas projects due to come on stream within the next 5 years

\$10bln USD LNG plant expansion project, creating 12,000 direct jobs

Increased renewable electricity generation to 36% by 2030

Solar market worth \$227mln+ USD million FDI

## Why Sponsor

Increase your company's exposure to the energy industry

Launch new products, services and solutions

Network with decision makers across the entire energy value chain

Position your company as an industry expert and thought leader

# Exclusive To Industry Leaders

## Energy Club Lounge

The Energy Club Lounge is a bespoke networking and matchmaking service for VIPs, conference delegates, visitors and exhibitors. The lounge provides an opportunity for a company to place its brand within this global business meeting facility, reinforcing its presence at our events.

## Executive Meeting Suites

The Executive Meeting Suites is bespoke meeting environment that provides a private and sophisticated setting to facilitate high-level discussions away from the busy conference programme. Whether you're negotiating deals, exploring partnerships, or driving transformative ideas, the Executive Meeting Suites ensures you have the privacy, exclusivity, and services needed to succeed.

# Exclusive To Industry Leaders

## Leadership Roundtables

The invitation only NOG Energy Week Leadership Roundtables feature a series of closed-door meetings under Chatham House Rule.

It gathers decision makers including ministers, C-level executives and policymakers to foster candid, impactful and transformative dialogue that will drive growth and determine the country's energy future.

Each session is limited to 30 participants and facilitated by an independent and experienced moderator and hosted by an industry leader.

## Speakers Lounge

The Speaker Lounge is an exclusive space for VIP speakers to relax, prepare, and network before and after their sessions. With refreshments and essential amenities, it provides a comfortable environment for industry leaders and experts to connect and engage.

## Technical Seminar Hall

The Technical Seminar Hall offers a dynamic platform for industry leaders, innovators, and technical experts to share cutting-edge insights, breakthrough technologies, and practical solutions shaping the future of the industry. This dedicated space fosters engaging discussions, knowledge exchange, and collaborative problem-solving, providing organisations with a unique opportunity to showcase their expertise, connect with key stakeholders, and position their brand at the forefront of industry innovation.

[nogenenergyweek.com/forms/del-reg](https://nogenenergyweek.com/forms/del-reg) 

"When I reflect on my participation at NOG Energy Week, the first thing that stands out is the impact of the conversations. These discussions often bring to light issues we may already be aware of, but hearing them reiterates and underscores the urgency and importance of taking action.

Another invaluable aspect is the networking opportunities it provides. It's a unique chance to connect across the value chain - service providers, service users, and regulators all in one room. Having the key players who can drive real change gathered together creates a powerful platform for collaboration and progress."

**Alero Onosode**  
Managing Director  
AAO - Tsalach Ltd

"One aspect of our involvement and enthusiasm for NOG Energy Week is our sponsorship of the Energy Club Lounge. We believe that meaningful, in-depth discussions often happen in more intimate settings.

Over the past few years, we've proudly supported this initiative by the organisers to create a space where key industry stakeholders can connect in a comfortable environment. The Energy Club Lounge fosters not only engaging conversations but also provides an opportunity for participants to unwind and be entertained."

**Dr. Ainojie 'Alex' Irune**  
Managing Director  
Oando Energy Resources

# dmg::events

## NIGERIA

dmg Nigeria events is an indigenous industry leader in organising and delivering innovative strategic and technical conferences, exhibitions and seminars for the energy industry. Facilitating government and private sector collaboration to promote the development of industries and strengthen economies is at the heart of what we do.

Over the last 25 years, our energy industry events have gathered the top echelon of the Nigerian oil and gas industry including presidents, ministers, heads of government agencies and CEOs. Senior industry stakeholders annually convene for the opportunity to hear new policy announcements, deliberate challenges, explore solutions and explore investment opportunities.

Our team of experts have a diverse range of skills and backgrounds including government relations, energy publishing, project and event management, marketing, research and sales disciplines.

### Partnerships Initiatives In The Niger Delta (PIND)

The Foundation for Partnerships Initiatives in the Niger Delta (PIND) is a Nigerian non-profit organisation working to promote peace and equitable economic growth in Nigeria's Niger Delta region by forging multi-sectoral and multi-stakeholder partnerships at the regional, national and international levels. PIND works closely with numerous partners to implement collaborative market-based, community-owned programs to mitigate conflicts and boost economic opportunities for local businesses, ensuring that economic progress occurs in a systemic, inclusive, and sustainable manner.

Since 2010, PIND and partners have strengthened and stabilised Niger Delta communities by reducing poverty, powering coastline communities, nurturing employment, fostering stability, and enabling development.

Learn more: [PINDfoundation.org](http://PINDfoundation.org)

### Practical Nigerian Content Youth Workshop

In partnership with the Nigerian Content Development & Monitoring Board (NCDMB) and the Bayelsa State Government, dmG Nigeria events has developed the annual Practical Nigerian Content Youth Workshop. Working closely with local youth groups and societies, student organisations and professional associations, the Youth Workshop brings together over 300 Bayelsan graduates from across the state to this free-to-attend forum.

In a country with an unemployment rate as high as 23% for graduates, and close to 60% youth unemployment in rural areas, the Youth Workshop provides a valuable platform for local youths to hear from respected figures within business, industry and academia, providing them insights and useful tools to help them enter the oil and gas industry, or launch their own businesses, capitalising on the opportunities present in their own communities and Bayelsa as a whole.

The Workshop also highlights further training opportunities available as well as initiatives provided by local government and the NCDMB that will enable them to further enhance their employment prospects.

### Partnerships Initiatives In The Niger Delta (PIND)

dmG Nigeria events has supported the Nigerian Business Coalition Against AIDS (NiBUCAA) for over five years. We have been an active member of the coalition as we share NiBUCAA's belief that the private sector should respond to the growing challenges of HIV/AIDS ensuring equal rights and opportunities for employees infected or affected by the virus. dmG Nigeria events has provided regular support through:

- Organisation, funding and publicity of the annual NiBUCAA charity
- Raffle taking place at the NOG Energy Week
- Regularly hosted by country's favourite athletes, comedians and artists.
- Donation of all proceeds from the annual NiBUCAA charity raffle
- Providing NiBUCAA with exposure to 9,000+ contacts per year
- Support and guidance with NiBUCAA's marketing and PR reports

This is a very important initiative and one we are extremely proud to support. Given our long history of working in Africa and our extensive local contacts we are keenly aware of the impact of HIV and AIDS within the region.
